**HQ C-2-0002 ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA) (JUN 1994)**

(a) Performance under this contract may require that the Contractor have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Task Order Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

(b) The Contractor agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Task Order Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venturer, affiliate, successor, or assign of the Contractor; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

(c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.

(d) The Contractor agrees that it will promptly notify the Task Order Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "subcontractor" for "Contractor" where appropriate.

(f) Compliance with this requirement is a material requirement of this contract.

**HQ C-2-0011 COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)**

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

**NAME OF OFFEROR OR CONTRACTOR**

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

(e) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.

(f) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human-readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

**HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)**

NOTE: THIS CLAUSE WILL BE INVOKED IN DIFFERENT VARIATIONS AT THE TASK ORDER LEVEL, notwithstanding other language in this contract that gives this contract precedence when it conflicts with task orders, the task order version of organizational conflict of interest clause, if any, shall take precedence.

(a) (1) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(2) "Contractor" as used in this clause includes any affiliate, subcontractor, consultant or employee of the Contractor, as well as any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assignee of the Contractor. All references to the "Contractor" as contained in this clause shall apply with equal force to all of these included.

(3) "Contract" and "task order" shall be used as applicable to the level at which this clause is being invoked.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this task order may create a potential organizational conflict of interest on the instant contract or on a present or future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below and in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this task order. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

**NAME OF OFFEROR OR CONTRACTOR**

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this task order. This prohibition shall not expire after a given period of time.

(e) (1) The Contractor further agrees that, during the performance of this task order and for a period of three years after completion of performance of this task order, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any equipment or services that is the subject of the work to be performed under this task order.

(2) This exclusion does not apply to any recompetition for equipment or services furnished pursuant to this task order.

(3) As provided in FAR 9.505-2, notwithstanding the three-year bar set provided for in paragraph (e)(1), if the Government uses, as a basis for the procurement of any equipment or services work statements or other acquisition related documents growing out of the effort performed under this task order from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this task order or before the three- year period following completion of this task order has lapsed, the Contractor may, with the authorization of the Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for equipment or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the SeaPort/Task Order Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action that the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the SeaPort/Task Order Contracting Officer in making a determination on this matter. This notification requirement shall also apply to any release of information in contravention of paragraph (d). Notwithstanding this notification, the Government may terminate the contract/Task Orders for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the SeaPort/Task Order Contracting Officer, the Government may terminate this contract/task orders for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The SeaPort/Task Order's Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to other program offices, PEO's or Government agencies its equipment or services if the requirement of the other program office, PEO or agency for the equipment or services is unrelated to any work performed under this contract/task order. Additionally, this requirement shall not preclude a Contractor involved in preparing a statement of work pursuant to its development and design work on a piece of equipment from participating in a procurement for that equipment.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law, including those set forth at FAR Part 9.5, or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

**SECTION G - CONTRACT ADMINISTRATION DATA**

**SYSTEM FOR AWARD MANAGEMENT (SAM)** – The contractor must be registered in the System for Award Management (SAM) in order to be eligible for award. The Contractor must maintain registration throughout the ordering period. PAYMENT will not be made to the contractor if the Contractor’s registration lapses.

**PAYMENT** — Performance-based payments or progress payments are authorized for interim payments for any task orders, where the contractor so requests and has been granted approval.

**POINTS OF CONTACT-** The Government points of contact for this contract are as follows:

**SeaPort Enhanced Contracting Officer:**

SeaPort-e PCO  
NSWC Dahlgren Division  
17632 Dahlgren Road, Suite 157

SEAPORT\_EPCO@navy.mil

**Ombudsman:**

While the individual Task Order Contracting Officer should be the first point of contact for industry seeking resolution of issues, each ordering activity has an established Ombudsman. The Ombudsman represents an impartial party. An overarching Ombudsman exists at the Naval Sea Systems Command Headquarters for the resolution of issues involving one or more ordering offices or if resolution from an ordering office Ombudsman is not sufficient.

**Contracting Officer’s Representative (COR):**

**To be identified in each Task Order.**

The Government reserves the right to change the Contracting Officer, the Ombudsman, or COR at any time, unilaterally.

A list of Ombudsmen will be maintained on the Vendor Portal to authorized users.

**Ddl-G20 ORDERING (INDEFINITE DELIVERY TYPE CONTRACTS)**

(a) Ordering: All Warranted Contracting Officers of the Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Command, Naval Supply Systems Command, Military Sealift Command, Strategic Systems Programs, Naval Facilities Engineering Command, Office of Naval Research, and the United States Marine Corps are authorized ordering offices. Supplies or services to be furnished under this contract shall be furnished at such times as ordered by the issuance of Orders by the Task Order Contracting Officer. All orders are subject to the terms and conditions of this contract. This contract shall control in the event of conflict with any order.

(b) Ordering Procedures:

(1) Orders issued shall include, but not be limited to the following information (when applicable):

- (i) Date of order.
- (ii) Contract and order number.
- (iii) Type of Order

**NAME OF OFFEROR OR CONTRACTOR**

- (iv) Appropriation and accounting data.
- (v) Description of the services to be performed.
- (vi) Description of end item(s) to be delivered.
- (vii) DD Form 254 (Contract Security Classification Specification)
- (viii) DD Form 1423 (Contract Data Requirements List)
- (ix) The individual responsible for inspection/acceptance.
- (x) Period of performance/delivery date.
- (xi) Estimated number of labor hours for each applicable labor category.
- (xii) The estimated cost plus fixed fee or ceiling price for the order.
- (xiii) List of Government furnished equipment, material, and information.

(c) Modifications of Orders: Orders may be modified only by the cognizant Task Order Contracting Officer.

(d) The Cost Plus Fixed Fee or Ceiling Price for each Order may not be changed except when authorized by a modification to the Task Order.

(e) Unilateral Orders. Task Orders under this contract will ordinarily be issued after both parties agree on all terms. If the parties fail to agree, the Task Order Contracting Officer may require the contractor to perform and any disagreement shall be deemed a dispute within the meaning of the "Disputes" clause.

**Ddl-G21 TYPES OF ORDERS UNDER INDEFINITE DELIVERY TYPE CONTRACTS**

(a) The decision on whether or not the Order will be Cost-Plus-Fixed-Fee (Completion), Cost-Plus-Fixed-Fee (Term), Cost Plus Incentive Fee, Cost Plus Award Fee, Firm Fixed Price, or Fixed Price Incentive will be made dependent on the amount of detail the specification/statement of work provides. Each Request for Proposal sent to the Contractor shall state the type of order deemed appropriate by the Government.

(b) The completion form describes the scope of work by stating a definite goal or target and specifying an end product. This form of contract normally requires the contractor to complete and deliver the specified end product (e.g. a final report of research accomplishing the goal or target) within the estimated cost as a condition for payment of the entire fixed fee. In the event the work cannot be completed within the estimated cost, the Government may require more effort without increase in fee, provided the Government increases the estimated cost.

(c) The term form describes the scope of work in general terms and obligates the contractor to devote a specified level of effort for a stated time period. Under this form, if the performance is considered satisfactory by the Government, the fixed fee is payable at the expiration of the agreed-upon period and upon contractor certification that the level of effort specified in the order has been expended in performing the contract work.

(d) A firm fixed price order provides for a price that is not subject to any adjustment on the basis of the contractor's cost experience in performing the Order.

For all CPFF orders, whether completion or term, payments are made in accordance with the FAR clause 52.216-8 Fixed Fee. For Completion type orders, the "PAYMENT OF FEE(S) (COMPLETION)" clause should be included at the Task Order level. For Level of Effort (LOE) type orders, the "PAYMENT OF FEE(S) (LEVEL OF EFFORT)" clause should be included.

**HQ G-2-0009 SUPPLEMENTAL INSTRUCTIONS REGARDING ELECTRONIC INVOICING (NAVSEA) (SEP 2012)**

(a) The Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest level of performance, either at the technical instruction (TI), sub line item number (SLIN), or contract line item number (CLIN) level, rather than on a total contract/TO basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by TI, SLIN, or CLIN level. For other than firm fixed price subcontractors, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer (CO) and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the CO and COR; or other method as agreed to by the CO.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and CO on the same date they submit the invoice in WAWF. **Defense Federal Acquisition Regulation Supplement's (DFARS) Procedures, Guidance, and Instructions (PGI) 204.7018 Payment Instructions in Contract Writing Systems requires standardized special payment instructions (SPIs) clauses for contracts containing multi-funded line items; cost-reimbursement line items; time-and-materials/labor-hour line items; and authorizations for financing payments.**

**PGI 204.7108 PAYMENT INSTRUCTIONS.**

(a) *Scope.* This section applies to contracts and any separately priced orders that--

(1) Include contract line items that are funded by multiple accounting classification citations for which a contract line item or items are not broken out into separately identifiable subline items (informational subline items are not separately identifiable subline items);

(2) Contain cost-reimbursement or time-and-materials/labor-hour line items; or

(3) Authorize financing payments.

(b) For contracts and orders covered by this subpart, the contracting officer shall insert numbered instructions in Section G (Contract Administration Data), to permit the paying office to charge the accounting classification citations assigned to that contract line item (see DFARS 204.7104-1(a)) in a manner that reflects the performance of work on the contract. When incorporating clauses by reference in Section G, cite the clause number, title, and date. If additional accounting classification citations are subsequently added, the payment instructions must be modified to include the additional accounting classification citations. Also, contracting officers shall not issue modifications that would create retroactive changes to payment instructions. All payment instruction changes shall be effective as of the date of the modification. When some, but not all, of the fixed price line items in a contract are subject to contract financing payments, the contracting officer shall clearly identify to which line items the payment clause(s) included in Section I apply.

(c) Payment instructions—

(1) Shall provide a methodology for the payment office to assign payments to the appropriate accounting classification citation(s), based on anticipated contract work performance;

**NAME OF OFFEROR OR CONTRACTOR**

- (2) Shall be consistent with the reasons for the establishment of separate contract line items;
- (3) Shall be selected from those provided in paragraph (d) of this section;
- (4) Shall be revised to address the impact of changes to contract funding or significant disparities between existing instructions and actual contract performance;
- (5) Shall state at what level (contract, contract line, subline, exhibit line, or ACRN) the payment instructions should be applied;
- (6) Shall not be mixed within a level by contract type. For example, if the instructions apply at the contract level, there can be only one payment instruction for each contract type. If the instructions apply at the contract line or subline level, there can only be one payment instruction per contract line or subline item;
- (7) For contracts or orders that contain a combination of fixed-price, cost-reimbursement, and/or time-and-materials/labor-hour line items, shall at a minimum include separate instructions for each contract type of contract line item (e.g., contract-wide proration for fixed-price line items and contract-wide ACRN level for cost-reimbursement line items);
- (8) For contracts or orders that contain foreign military sales requirements, shall include instructions for distribution of the contract financing payments to each country's account; and
- (9) Shall use one of the standard payment instructions in paragraphs (d)(7) through (11) of this section unless the contracting officer documents in the contract file that there are significant benefits of requiring contractor identification of the contract line item on the payment request.

(d) The numbered payment instructions ((d)(1) through (12)) below correspond to the automated payment instructions in the supporting systems; therefore, care should be exercised when identifying the numbered instructions below in Section G of the contract. Include either one contract-wide instruction or one or more line item specific instructions. The contracting officer shall not use a combination of contract-wide and line item specific instructions.

(1) *Line item specific: single funding.* If there is only one source of funding for the contract line item (i.e., one ACRN), insert the following:

252.204-0001 Line Item Specific: Single Funding. (SEP 2009)

The payment office shall make payment using the ACRN funding of the line item being billed.

(2) *Line item specific: sequential ACRN order.* If there is more than one ACRN within a contract line item (i.e., informational subline items contain separate ACRNs), and the contracting officer intends funds to be liquidated in ACRN order, insert the following:

252.204-0002 Line Item Specific: Sequential ACRN Order. (SEP 2009)

The payment office shall make payment in sequential ACRN order within the line item, exhausting all funds in the previous ACRN before paying from the next ACRN using the following sequential order: Alpha/Alpha; Alpha/numeric; numeric/alpha; and numeric/numeric.

(3) *Line item specific: contracting officer specified ACRN order.* If there is more than one ACRN within a contract line item, (i.e. informational sub-line items contain separate ACRNs), and the contracting officer intends the funds to be liquidated in a specified ACRN order, insert the following, including the specified order in the instruction:

252.204-0003 Line Item Specific: Contracting Officer Specified ACRN Order. (SEP 2009)

The payment office shall make payment within the line item in the sequence ACRN order specified below, exhausting all funds in the previous ACRN before paying from the next ACRN.

(4) *Line item specific: by fiscal year.* If there is more than one ACRN within a contract line item, [(i.e. informational sub-line items contain separate ACRNs), and the contracting officer intends the funds to be liquidated using the oldest funds first, insert the following:

All proposed TOs will incorporate all terms of the IDIQ contract unless otherwise specified in the proposed TO. In addition, the proposed TO will include:

- i. All known information including Sections B through H of the task order (Line Items, statement of work or objectives, packaging and marking information, data rights, inspection and acceptance of the services, period of performance, security, government property/information to be provided and other relevant information.)
- ii. The means and time for the IDIQ holders to respond expressing interest and providing appropriate information.
- iii. Specific instructions for the means of responding to the TO request, including but not limited to, oral interviews, reverse auctions, written responses summarizing technical and price approaches, submission of proposals, the selection criteria factors, the factors' order of importance and other information deemed appropriate.

If a Task Order Solicitation is competition restricted for Service Disabled Veterans Owned Small Business, at least 50% of the effort will be performed by the Prime Contractor or other Service Disabled Veteran Owned Small Business concerns (See FAR 52.219-27). Evaluation of past performance will be based on each IDIQ holder's past performance data on work performed under this IDIQ contract, as well as other information available to the Government. As work proceeds under this contract, it is probable that current past performance information on recent task orders will be more important in evaluation of future task orders. In addition, individual task order selection criteria may include other factor(s) relevant to the particular task order. The weight of factors will be identified in a task order. If necessary, during the evaluation of proposals the Government may contact any or all or a limited number of awardees with questions concerning their responses as permitted under FAR Part 16. Upon completion of evaluations, the PCO will issue a TO to the awardee whose proposal is most advantageous to the Government under the selection criteria set forth in the TO. The Task Order Contracting Officer will notify the IDIQ holders of the selection decision.

D. Task Orders. Each individual TO may be cost reimbursable, fixed price (FP), or any combination of the two. For example, a TO may request a CPFF proposal for the first year of the TO, with any subsequent years to be offered as FP. TOs, or parts of TOs, may include positive and negative financial incentives, award term option provisions, or any other legal incentive the IDIQ holder proposes. The FP TOs shall include specific metrics, quality assurance plans and incentives. I. Electronic Processes:

1. Generally: The SeaPort Portal is accessible through the NAVSEA professional support services web site (www.seaport.navy.mil). SeaPort establishes a system in which electronic signatures, transactions, contracts, and records have the same legal effect as their paper-based counterparts, in accordance with the "Electronic Signatures in Global and National Commerce Act" (ESIGN) (Pub.L. 106-229; codified at 15 USC 7001-7006) and the "Government Paperwork Elimination Act" (GPEA) (Pub.L. 105-277; codified at 44 USC 3504 Note):

a. Only authorized persons are permitted to engage in legally binding electronic activities, such as signing/submitting a proposal, and signing/awarding the Task Order. The SeaPort system requires user accounts having predetermined authority requirements (i.e., authority to legally bind the user's organization), and having username and password controls. Contractors shall only have access to the contractor side of the portal. The Contractor shall identify at least one employee, and alternate employees, having the authority to sign legally binding documents, including proposals, on behalf of the Contractor. Task Order Contracting Officers authorized to sign and award legally binding TO shall be identified.

b. The authorized user is required to confirm the intention to engage in any legally binding electronic action. The SeaPort Portal will display a notice that the user has requested a legally binding activity and shall require an affirmative/confirming response before the system will permit the requested action. The affirmative/confirming response serves as the electronic signature event.

---------------------------	--	------------------------------

**NAME OF OFFEROR OR CONTRACTOR**

c. When an authorized user requests and confirms a binding action, the system automatically and securely records that event and stores the legally binding content related to that action, including (i) the authorized user (account) that requested/confirmed the binding action; (ii) the date and time the binding event occurred; and (iii) a final or "locked down" copy of the information, documents, or other materials associated with the binding event (e.g., a copy of the proposal or task order).

d. Once the information related to a legally binding event is stored by the system, that information (i) can not be altered or modified in any way by any user--including the authorized user who initiated and confirmed the action; and (ii) remains accessible and retrievable by the parties throughout the records retention period required by law.

2. Task Order (TO) Solicitations: The PCO for the TO logs in to the SeaPort Portal and electronically generates and releases the TO Solicitation. The binding version of the TO Solicitation is posted to the SeaPort Portal in Portable Document Format (PDF)

3. Electronic Offers/Proposals:

a. For each Task Order (TO) Solicitation that the Contractor chooses to submit a proposal, before the closing date and time specified in the TO Solicitation, an authorized, Contractor-designated, officer or employee with authority to bind the company logs on to the SeaPort system and generates/uploads the proposal materials.

b. When the authorized user indicates that the proposal is ready for submission, the system prompts the user to confirm the intent to electronically sign and submit the proposal materials. Entering an affirmative/confirmatory response to this prompt is an electronic signature on the proposal materials, and constitutes the electronic submission of a legally binding offer by the Contractor. It is noted that in the event that an amendment is issued to a solicitation after a proposal has been submitted, the proposal will need to be uploaded again in the system.

c. Once electronically signed/submitted, the proposal materials can not be modified except by submitting a new, amended proposal using the same signing/submission process (prior to the closing date/time).

d. In the event the SeaPort system is not operational, experiences technical difficulties, or a contractor is temporarily unable to access or use the system, the Contractor shall immediately notify the Task Order Contracting Officer prior to the closing time of the solicitation. The Task Order Contracting Officer shall allow manual submission of written proposals in these circumstances. Absent technical difficulties, all proposals shall be submitted electronically in accordance with the procedures set forth in this clause.

4. Task Order Execution/Award:

a. Upon receipt of the offers, proposals will be evaluated in accordance with the evaluation criteria set forth in the TO solicitation. When the evaluation has been completed and a contractor has been selected for award of the TO, the Task Order Contracting Officer logs on to the SeaPort Portal and generates/uploads the TO materials, including information provided by the successful offeror (e.g., price/cost information) as well as all other terms and conditions of the binding TO.

b. When the PCO indicates the TO is ready for award, the system issues the prompt to confirm the intent to electronically sign and award the TO. Entering an affirmative/confirmatory response to this prompt is the Task Order Contracting Officer's electronic signature on the TO; constitutes the electronic award of the TO; and generates a final PDF version of the TO. This PDF version is treated as the legally binding, bilaterally executed, version of the TO, and a copy of the awarded TO will be forwarded electronically to the successful contractor.

c. Once awarded, the TO can not be modified except by electronically signing/awarding a TO modification using these processes.

5. Subcontracting Reporting --

<b>CONTINUATION SHEET</b>	REFERENCE NO. OF DOCUMENT BEING CONTINUED <b>N00178-14-R-4000</b>	PAGE <b>Page 30 of 97</b>

**NAME OF OFFEROR OR CONTRACTOR**

All large business prime contractors shall be required to enter subcontracting data in both the Seaport e portal and the Electronic Subcontracting Reporting System (ESRS). Every six months, the contractor will be provided a link to gain entry to the portal to provide actual subcontract performance information. All reporting will take place at the Task Order level. The reporting in ESRS will take the place of the SF 294 and SF 295. For information on ESRS reporting, please go to <http://www.acq.osd.mil/osbp/sbs/esrs.shtml>.

Small business prime contractors will also be required to enter subcontracting information in the portal every six months. Actual subcontracting information must be entered in order to ensure compliance with the requirement that small business prime contractors perform more than 50% of the effort under a small business set-aside procurement (Reference FAR 52.219-14). Please note that small business prime contractors are NOT required to enter information in ESRS.

6. Consent to access. The administration of this contract will entail the use of the web-based portal described in paragraph I.1. The contractor agrees that use of the portal is to be considered authorization to allow the contractor retained for the purpose of operating and maintaining the portal access to any data submitted (including cost and pricing data, data the contractor might otherwise consider proprietary and data that meets the definition of "trade secret" as used in the context of 18 USC 1905). The consent to access that is to be inferred for the use of the portal shall also be granted by any subcontractor or team member who makes a direct submission of information to the Government. The Government shall consider submission of data via the portal to be consent to access only by the portal administrative contractor. At present that contractor is Aquilent.

**J. Ombudsman Description.**

The Task Order Ombudsman is available to the Contractor to assist in the resolution of complaints arising under the issuance of any Task Order under this contract. Utilization of the Ombudsman process is optional. In the case of Task Orders valued in excess of \$10 million, the Contractor may either go to the Ombudsman or GAO, but not both. In accordance with FAR 16.505(a)(10)(i)(A), no protest under FAR Subpart 33.1 is authorized in connection with the issuance or proposed issuance of a Task Order valued at \$10 million or less under this contract, including Task Order Contracting Officer decisions regarding fair opportunity, except for a protest on the grounds that a TO increases the scope, or maximum value of this contract.

If a Contractor elects to utilize the Task Order Ombudsman process, the Contractor is instructed to first contact the local activity contract specialist and contractor officer for issue resolution. If the issue is not able to be resolved, the issue shall then be elevated to the cognizant local activity Ombudsman. Should resolution not be achieved with the local activity Ombudsman, the cognizance for resolution would reside with the Overarching Command or Headquarter Ombudsman.

A list of current Ombudsman will be maintained on the Vendor Portal to authorized users. The Government reserves the unilateral right to change Ombudsman at any time. The contractor will be notified of any such changes.

The Contractor authorizes the Ombudsman to disclose to other parties or to nonparties any information submitted to the Ombudsman that, in the judgment of the Ombudsman, must be disclosed within Government channels to the extent deemed necessary by the Ombudsman to facilitate understanding of the issue or issues. The Contractor also authorizes the Ombudsman to disclose to other parties or to nonparties any information submitted to the Ombudsman that, in the judgment of the Ombudsman, must be disclosed to prevent or investigate fraud, waste, abuse, criminal activity or imminent physical harm.

In accordance with FAR 16.505(a)(10)(i)(B) protests of Task Orders (TO) valued in excess of \$10 million may only be filed in accordance with the procedures at FAR 33.104. Any contact with the Ombudsman does not extend any of the timeliness for filing a protest with the GAO.

**K. Ordering Authority and Tracking.** All warranted Contracting Officers from the Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Command, Naval Supply Systems Command, Military Sealift command, Strategic Systems Programs, Naval Facilities Engineering Command, Office of Naval Research, and the United States Marine Corps are authorized to place orders under this IDIQ contract.

**H.6 PAST PERFORMANCE EVALUATION**

Past performance information is an indicator of an offeror's ability to perform successfully.

Under this contract, performance will be evaluated on each task order annually by the COR, utilizing CPARS.

Evaluation of past performance for the purpose of evaluating potential option exercise, will be based on each IDIQ holder's past performance data on work performed under this IDIQ Contract, as well as other information available to the Government.

For both evaluations (TO level and basic contract level), the following items will be measured: technical accuracy of the deliverables, general quality of supplies and services delivered, timeliness, cost control (for CPFF line item), achievement of small business subcontracting requirements, contractor's responsiveness to customers, team stability and cooperation with other IDIQ holder teams.

The Contractor will be provided with a copy of the Task Order past performance evaluation for each task order and an opportunity to respond to disputed items.

**H.7 SUBSTITUTION OF TEAM MEMBERS AND SUBSTITUTION OF PERSONNEL**

1. The Contractor agrees that a partial basis for award of this IDIQ contract is the list of team members (companies) proposed. The list is included at the SeaPort-e Contractor Information Registration site. The Contractor may not add or delete any team member from the team without approval by the Seaport Contracting Officer. The offeror must meet or exceed the proposed small business Subcontracting requirements regardless of team changes.
2. In addition, for Orders under Item 7000, the Contractor agrees to assign to the Task Order those key persons identified with the Task Order response necessary to fulfill the requirements of the Task Order. No substitution shall be made without prior notification to and concurrence of the Task Order Contracting Officer in accordance with this requirement.
3. All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The cognizant Task Order Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:
  - an explanation of the circumstances necessitating the substitution;
  - a complete resume of the proposed substitute; and
  - any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

**H. 8 ROLLING ADMISSION**

The Government reserves the right to determine whether it would be appropriate to announce a new competition for the purpose of adding additional IDIQ holders. Periodically, the government will assess the quality of performance by each IDIQ holder, the number, value and complexity of work assigned to each holder and amount of competition achieved. In addition, the government will assess the internal transaction cost for issuing each task order, the amount of small business participation, whether revisions are needed to the scope of the Statement of Work, if additional ordering offices need to be established, and if the ceiling amount of the contract needs to be revised. Based on these criteria, if it is in the best interest of the Government, the SeaPort Contracting Officer may announce a new competition to add additional IDIQ holders. The Government reserves the right to limit rolling admissions to only small business concerns and/or particular Zones. Additionally, the Government reserves the right to announce a new competition for Contractors, who currently have SeaPort-e contracts, to expand into additional Zones.

**NOTE: THE ONLY TIME NEW ZONE REQUESTS WILL BE ACCEPTED IS WHEN A ROLLING ADMISSIONS IS BEING CONDUCTED.**

**NAME OF OFFEROR OR CONTRACTOR**

---

**H.9 CONTRACTOR RESPONSIBILITY REGARDING PORTAL ACCOUNTS**

It is the responsibility of the Contractor to maintain active account(s) in the portal to be able to receive all notices and modifications. Account holders are required to log in to the portal at least once every thirty (30) days or their accounts will become inactive. Inactive accounts do not receive notices from the portal including requests of information, solicitation release notices, award notices, bilateral modification notices and other communications. The portal is the sole method the Government utilizes to correspond with MAC holders so it is imperative that all the respective account holders maintain active accounts.

**H.10 SAVINGS CLAUSE**

**A. Cost Reductions for Repetitive High-dollar Value Requirements**

For high-dollar value task requirements involving repetitive tasks, (when identified in a task order solicitation) the Government is seeking contractors to identify business improvement processes, innovations and cost savings initiatives to provide high quality services while achieving a reduction in the cost to the Government. For task orders for repetitive high-dollar value requirements with a base period of one year under Items 7000 and 9000, the contractor agrees to the maximum extent practicable to reduce the price for services performed under each subsequent year by at least:

% Reductions from base period or price from previous year:

Year 2		*%
Year 3		*%
Year 4		*%

**B. Maximum Pass Through Rates – Applicable to all Task Orders**

The Contractor agrees that the maximum pass-through rate that shall be charged against any non-ODC CLIN where labor is proposed under this contract shall not exceed  \* %. For purposes of calculating the pass-through rate, the pass through rate is defined as the cumulative amount of the two elements listed below divided by the price paid to the subcontractor or the vendor:

- 1) any and all indirect costs including, but not limited to, program management, subcontract management, invoice processing, Quality Assurance, overhead, material handling charges, G&A, burdens and mark-ups; and
- 2) any and all prime contractor profit or fee\*

\*For purposes of this contract, “fee” means “target fee” in cost-plus-incentive-fee type contracts, “base fee” in cost-plus-award-fee type contracts, or “fixed fee” in cost-plus-fixed-fee type contracts.

The Prime Contractor may not apply any additional fees or burdens on the elements of pass through.

Other than the elements of pass-through, no additional costs, charges, indirect rates or fees may be proposed or applied to subcontract costs.

For purposes of the maximum pass-through, any effort provided by a division, subsidiary or any other entity of the prime contractor shall not be considered subcontracted effort and all fee/profit must be provided at the prime level subject to the limitations specified in this contract.

**C. Maximum Fee Rate – Applicable to Cost Plus Fixed Fee Orders Only**

Contractor compliance with the maximum fee rate is applicable at the time of task order award and is based on the ratio of fixed fee to the estimated cost. A proposed fee that is higher than the maximum fee rate shall render the contractor’s proposal unacceptable. Fee becomes a fixed dollar amount at the time of task order award and is subject to the provisions of the Level of Effort clause of the contract. The maximum fee rate being proposed at the task order level by the prime contractor shall flow down to all subcontractors/consultants included as part of your (the Prime) proposal. The maximum fee rate is not applicable to actual performance of the task order.

**NAME OF OFFEROR OR CONTRACTOR**

---

**D. Other Direct Costs**

No fee is allowed on Other Direct Costs. Indirect cost elements such as G&A and material handling may be applied but may not include fee.

**H.11 CONTRACTOR WEBPAGE**

It is a material contract requirement that each IDIQ holder maintain a publicly available webpage throughout the period of performance of the contract. The purpose of the webpage is for the Contractor to communicate with potential customers regarding the Contractor's ability to provide world-class professional support services for all NAVSEA Program Executive Offices, Directorates, and field activities. The webpage should demonstrate the functional capability associated with different products or business areas. The webpage should be easily accessible from the Contractor's front page and intuitive for novice computer users. This webpage at minimum must include the following items:

- The most recent conformed copy of each Task Order received under this contract. **NO REDACTIONS ARE ALLOWED TO ANY GOVERNMENT GENERATED INFORMATION.** If a contractor would like to redact information deemed proprietary, approval **MUST** be received by the Task Order Contracting Officer before any redacted Task Order can be posted to the homepage.
- A list of all team members proposed and their capability/area of expertise;
- A list of the last 3 years services experience, for all team members listed at the SeaPort-e Contractor Information Registration site, listed by functional area and specific Program, as appropriate. The Contractor may also include a description of the products (deliverables) provided.
- Point(s) of Contact to provide information on customer satisfaction with the services performed;
- A description of the Contractor's quality assurance program;
- Points of contact for information related to the SeaPort program;
- Attachments to the Task Order do not need to be posted on the homepage. An exception is if the Statement of Work has been included as an attachment instead of being located in the body of the Task Order. In these cases, the SOW **MUST** be posted.

Items that **SHALL NOT** be included on the webpage:

- The official Seaport e Logo (the lighthouse)
- Task Order Solicitations released through the Portal

In the event that the contractor believes that the task order's DD254 restricts placement of the statement of work or requirements document on a publicly facing website, or if the contractor believes the statement of work or requirements document contains security related information (such as Controlled Unclassified Information, For Official Use Only, etc) that it does not believe should be posted on a publicly facing website, the Contractor shall contact the Task Order Contracting Officer and get a determination before the order is posted to the Contractor's homepage. In the event the task order does contain such information, the contractor shall still be required to post the task order, along with all of the information required above, with the exception of the SOW or requirements document.

The contractor shall provide the SeaPort Contracting Officer with the web address within 10 government working days of receipt of the contract. Failure to maintain the website may adversely impact the IDIQ holder's ability to win task orders as the information provided on the website may be used as part of the fair opportunity to be considered for certain task orders.

**H.12 CONVERSION TO A PERFORMANCE BASED SERVICE CONTRACT (applicable at Task Order level)**

If both the Government and the contractor agree, a task order can be converted to a performance-based order after the initial period of performance. The conversion is accomplished as follows:

1. Within ninety calendar days prior to the end of the task order's initial period of performance, the contractor shall prepare and submit for Government review, comment, and concurrence:

- A performance work statement (PWS) that captures all of the types of effort performed during the base year of performance, and

- A quality assurance plan (QAP). The QAP will address performance standards which relate to the performance requirements; how the contractor's performance will be measured against the performance standards, and surveillance schedules and methods. The QAP may either be included as part of the PWS or as a separate document.

2. Within sixty calendar days prior to the end of the task order's initial period of performance, the government and the contractor will resolve to their mutual satisfaction any comments or concerns on the PWS and/or QAP. Upon exercise of the option for the first follow-on period of performance, the Government has the unilateral right to modify the task order to incorporate the agreed to documents to accomplish the conversion to a performance based contract.

**H.13 SECURITY REQUIREMENTS**

- (a) All classified task orders will require a facility security clearance issued by the Defense Security Service (DSS).
- (b) Contractor personnel shall be required to have a security clearance at the level required for each specific task order.
- (c) The security classification and guidance of classified task orders will be specified in the Contract Security Classification Specification DD Form 254, to be provided when required at task order level.
- (d) Unclassified task orders do not require a facility clearance issued by DSS, nor a DD Form 254.
- (e) The planned utilization of non-U.S. Citizens in task order performance must be identified by name and country of citizenship in the task order proposal. Foreign Nationals shall not be allowed access to Classified or Critical Program Information unless approved on a case by case basis by DSS.

**H.14 EMPLOYMENT OF US GOVERNMENT PERSONNEL RESTRICTED**

In performing this contract, the Contractor shall not use as a consultant or employ (on either a full or part time basis) any active duty U.S. Government personnel (civilian or military) without the prior written approval of the Contracting Officer. Such approval may be given only in circumstances where it is clear that no laws and no DoD or U.S. Government instructions, regulations, or policies might possibly be contravened and no appearance of a conflict of interest will result.

**H.15 REQUIRED INSURANCE**

(a) The following types of insurance are required in accordance with the clause entitled "INSURANCE - LIABILITY TO THIRD PERSONS" and shall be maintained in the minimum amounts shown:

- (1) Comprehensive General Liability: \$100,000 per person and \$500,000 per accident for bodily injury. No property damage general liability insurance is required.

- (3) Standard Workmen's Compensation and Employer's Liability Insurance (or, where maritime employment is involved, Longshoremen's and Harbor Worker's Compensation Insurance) in the minimum amount of \$100,000.

(b) The policies for such insurance shall contain an endorsement that cancellation or material change in the policies, adversely affecting the interest of the Government in such insurance, shall not be cancelled or materially changed until 30 days prior written notice has been given to the Task order Contracting Officer. When the coverage is provided by self-insurance, prior approval of the Administrative Contracting Officer is required for any change or decrease in coverage.

### H.18 SEAPORT PORTAL REQUIREMENTS

In order to access the SeaPort Portal, the following requirements must be met:

Operating System: Windows variants (98/NT/2000/XP/Vista)

Browser type:

128-bit encryption, https-capable

IE 6.x or higher (recommended)

### H.19 SMALL BUSINESS SIZE STATUS

Small Businesses will be required to re-certify their size status when purchased or merged with another Business. The re-certification shall be submitted once the merger/acquisition has been completed. When a previously categorized Small Business has changed its size status through purchase or affiliation with another business, Small Business preferences will no longer be available to that firm.

**NOTE: Due to the “one contract per Company” policy in Seaport e, if the acquiring company also has a Seaport e Prime Contract, one of the Contracts will need to be cancelled/deactivated.**

In conjunction with Rolling Admission opportunities addressed in H.8, SeaPort-e prime contractors will have the opportunity to voluntarily re-submit representations and certifications with regard to business size and status to reflect changes that have occurred since their last submission. Examples of circumstances where this might occur include, but are not limited to, a Small Disadvantaged Business receiving 8(a) Program certification; a Small Business receiving HUBZone Certification; a Veteran-owned small business becoming a Service-Disabled Veteran-Owned Small Business; or, a business previously represented as large now meeting the revenue size standard for NAICS 541330 (38.5 million dollars in average annual sales over the past three (3) completed accounting periods).

**Please note that the only time that voluntary re-certification will be allowed is when the Rolling Admissions is being conducted.**

### H.20 DATA RIGHTS

A. Task Order Intellectual Property Deliverable Restrictions. For each task order to be issued under the contract, the Contractor shall identify, prior to award of the affected task order(s) to the best of its ability, noncommercial and commercial technical data and computer software that it intends to deliver with restrictions on the Government’s right to use, release or disclose such identified technical data and/or computer software (see DFARS 252.227-7017). The Government further requires that the Contractor identify, prior to award of affected task order(s), background inventions that will be embodied in items, components, processes, technical data, computer software or computer software documentation developed or delivered under the task order. To identify such technical data, computer software and background inventions, the Contractor shall submit the following three lists:

1. Noncommercial Computer Software and Technical Data. The Government desires appropriate rights in all noncommercial technical data and noncommercial computer software developed or delivered under each task order. The Contractor shall identify all asserted restrictions on the Government’s license rights in such data and software, pursuant to paragraph (e) of the clauses at DFARS 252.227-7013 (‘7013) and DFARS 252.227-7014 (‘7014). The ‘7013 and the ‘7014 clauses shall govern the format and content of the Contractor’s assertions of software and data restrictions for each task order. The Contractor may combine the ‘7013(e) and the ‘7014(e) post-award lists into a single list, as long as the technical data items can be clearly distinguished from the computer software items. The Contractor shall submit the post-award assertions to the Task Order Contracting Officer as soon as practicable before the scheduled delivery of the relevant data and/or software. The Contract shall update the post-award assertions as necessary during performance of the task order to ensure that the list is accurate before making final delivery of data or software under the task order.

**NAME OF OFFEROR OR CONTRACTOR**

---

2. Commercial Computer Software and Technical Data. For each task order, the Contractor shall identify all asserted restrictions on the Government's license rights in commercial computer software and commercial technical data. To identify such restrictions, the Contractor shall submit a Commercial Restrictions List, dated and signed by an official contractually authorized to obligate the Contractor, as an attachment to the affected task order. The format of the Commercial Restrictions List shall be substantially same as the format set forth in DFARS 252.227-7017(d).

The Commercial Restrictions List shall include the assertions of the Contractor's subcontractors or suppliers or potential subcontractors or suppliers. For each entry in the Commercial Restrictions List which indicates that the asserted rights category is a special license or the license customarily provided to the public, the Contractor shall attach to the Commercial Restrictions List a copy of such license, except that if any particular license is identified as applying to more than one such entry, only one copy of that license need be provided. The Contractor shall update the Commercial Restrictions List as necessary during performance of the task order to ensure that the list is accurate before making final delivery of data or software under the task order.

3. Background Inventions. For each task order, the Contractor shall provide an identification and licensing list to the Government, that identifies all inventions (background inventions), other than subject inventions, disclosed in any patents or pending patent applications in which the Contractor has:

- (a) any title, right or interest; and
- (b) intends to include in any Items, Components or Processes developed or delivered under the affected task order, or that are described or disclosed in any Technical Data, Computer Software or Computer Software Documentation developed or delivered under the affected task order.

For each background invention, the list shall identify:

- (a) patent or pending patent application number;
- (b) title of the patent or pending patent application;
- (c) issue date of the patent, or filing date of the pending patent application;
- (d) the Item, Component, Process, Technical Data, Computer Software or Computer Software Documentation that will include or disclose the background invention;
- (e) the nature of the Contractor's right, title or interest in the background invention;
- (f) if the Government or any third part has any right, title or interest in the background invention; and
- (g) if the Contractor is willing to sell the Government a license to practice the background invention.

The list shall be an attachment to the affected task order, and the Contractor shall update the list, as necessary, during performance of the task order to promptly identify all background inventions.

B. Delivery of Noncommercial Computer Software and Technical Data. Unless expressly otherwise stated in the task order, the Contractor's deliveries of noncommercial technical data shall include physical delivery of the digital version of that technical data. The Contractor's deliveries of noncommercial computer software shall include physical delivery of a digital version of both the executable code and the annotated source code. This includes noncommercial data/software that was developed exclusively at private expense. As used in this paragraph, "physical delivery" means submission to the Government of the data/software in a predetermined format on appropriate digital storage media (e.g., CD-ROM), and, if specified in the delivery requirement, may also include submission of paper copies of that data/software. However, due to the variety and number of task orders contemplated under this contract, it may be mutually beneficial to modify the physical delivery requirement. Accordingly, the Contractor may, before delivery of the affected computer software or technical data, notify the Task Order Contracting Officer in writing that it intends to modify the physical delivery requirement. If the Task Order Contracting Officer accepts the modified physical delivery, the modified physical delivery shall be incorporated into the affected task order by modification.

**H.21 BILATERAL MODIFICATIONS**

A bilateral modification (supplemental agreement) is a contract modification that is signed by the contractor and the contracting officer. For the purpose of the basic Seaport e multiple-award contract only, when a bilateral modification is submitted by the contracting officer to the Seaport e prime contractor for signature/acceptance, the contractor has twenty (20) business days to respond to the contracting officer. The contractor's response may take the form of either acceptance/signature of the bilateral modification, or notice of non-acceptance/rejection of the bilateral modification. Failure to respond within the allotted time period may result in the contractor's access to the portal and ability to receive new task orders being adversely affected. The contracting officer will consider no response to indicate acceptance of the modification and consent to the resultant terms/conditions/changes.

**SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)**

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be (to be completed for each order) total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that (to be identified at the task order level) man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations, or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately (to be identified at the task order level) hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Task Order Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Task Order Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Task Order Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Task Order Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Task Order Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \text{Fee} \frac{(\text{Required LOE} - \text{Expended LOE})}{\text{Required LOE}}$$

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man-hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Task Order Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of the work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan. \*

(k) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man-hours up to five percent in excess of the total man-hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

\* The Contracting Officer referred to, in paragraph (j), is the Task Order Contracting Officer.

All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may be extended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the \* [Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30<sup>th</sup>"] day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

**\* TO BE IDENTIFIED AT THE TASK ORDER LEVEL**

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

*(d) Liquidation of performance-based payments.*

(1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

*(e) Reduction or suspension of performance-based payments.* The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not --

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) *Risk of loss.* Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) *Records and controls.* The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

**52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)**

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that --

(i) The Offeror and/or any of its Principals --

(A) Are  are not  presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have  have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are  are not  presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

“Proposal revision” is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

“Time”, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) Amendments to solicitations. If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals.

(1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages

(i) addressed to the office specified in the solicitation, and

(ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i) and (c)(1)(ii) of this provision.

(2) The first page of the proposal must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

**NAME OF OFFEROR OR CONTRACTOR**

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) Submission, modification, or revision, of proposals.

(i) Offerors are responsible for submitting proposals, and any modifications, or revisions so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii) (A) Any proposal, modification, or revision received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(1) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

**NAME OF OFFEROR OR CONTRACTOR**

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) Offer expiration date. Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).

(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed--in whole or in part--for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of--or in connection with-- the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets]; and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award.

(1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or price offered, unless the offeror specifies otherwise in the proposal.

**NAME OF OFFEROR OR CONTRACTOR**

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) If a post-award briefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (i) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer;
- (ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.
- (iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;
- (iv) A summary of the rationale for award; and
- (v) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.
- (vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

**52.222-24 PREAWARD ON-SITE EQUAL OPPORTUNITY COMPLIANCE EVALUATION (FEB 1999)**

If a contract in the amount of \$10 million or more will result from this solicitation, the prospective Contractor and its known first-tier subcontractors with anticipated subcontracts of \$10 million or more shall be subject to a preaward compliance evaluation by the Office of Federal Contract Compliance Programs (OFCCP), unless, within the preceding 24 months, OFCCP has conducted an evaluation and found the prospective Contractor and subcontractors to be in compliance with Executive Order 11246.

**52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)**

(a) Recompensation of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envisioning compensation levels lower than those of predecessor contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgment and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor's ability to attract and retain competent professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

**52.233-2 SERVICE OF PROTEST (SEP 2006)**

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from

SeaPort-e PCO  
Naval Surface Warfare Center  
Dahlgren Division  
17632 Dahlgren Road Suite 157  
Dahlgren, VA 22448-5110

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

Offerors must respond to the specific requirements of the solicitation being proposed on with no additions or deletions. All required fill-ins must be completed and all information provided in the format and content requested.

**3.4** An offeror's proposal is presumed to represent his best efforts to respond to the solicitation. The Government intends to award multiple contracts without discussions, as permitted by FAR 52.215-1.

**3.5** Offerors must provide comprehensive information on pertinent aspects of the effort being offered to enable the Government to evaluate the offeror's understanding of, and capability to meet requirements covered in the Statement of Work (SOW) that are being proposed on. The offeror shall provide sufficient detail to substantiate the validity of all stated claims. Further, the offeror shall indicate that it shall comply with requirements of the solicitation being proposed on and shall explain how compliance is achieved. Clarity, completeness and conciseness are essential, and the overall breadth and depth of the proposal shall be evaluated in the context of being representative of the offeror's capabilities. Data previously submitted, or presumed to be known, i.e., previous projects performed for the Navy cannot be considered unless such information is provided. Responses must adequately address specific solicitation requirements, and be responsive to the terms and conditions of the solicitations. Statements such as "the offeror understands," "the offeror has a long history of outstanding support," along with responses that paraphrase the solicitation, are considered inadequate. Phrases such as "standard procedures shall be employed" or "well known techniques shall be used," without a specific Government or industry reference, shall be considered inadequate and unsatisfactory.

**3.6** Offerors shall not include CLASSIFIED material in the proposal.

**3.7** Offerors must respond to the specific requirements of the solicitation being proposed on. Offerors shall not alter the solicitation (other than completing the appropriate "fill-in" blocks and certifications). Subcontractors may be listed on more than one competing proposal. Small and Small Disadvantaged Businesses are STRONGLY encouraged to propose as prime contractors. The Navy will allow a prime to add or subtract team members during the life of the contract only with approval of the SeaPort Contracting Officer. However, the offeror must meet or exceed the proposed small business subcontracting requirements regardless of team changes.

1. Commercial and Government Entity (CAGE) number,
2. Duns Number,
3. Taxpayer Identification Number (TIN),
4. Clearly identify the Zone or Zones being proposed on,

**NAME OF OFFEROR OR CONTRACTOR**

5. Name, address and telephone number of the cognizant DCAA Office (can be found at <http://www.dcaa.mil/> )
6. Name, address and telephone number of the cognizant DCMA Office (can be found at <http://www.dcmsa.mil/> )

10. The date that the cognizant DCAA office has determined the offeror's accounting system to be adequate for the accumulation, reporting, and billing of costs under cost reimbursement contracts. Offerors shall also state if they have an established electronic invoice process in place. A copy of the SF1408 from DCAA and/or a copy of DCAA Audit Report should be included as an attachment to your proposal's cover letter and also does not count toward page limitation.

**NOTE:** Since there are firm fixed price CLINs included in this solicitation, a DCAA approved accounting system is not required to be eligible for award of a prime contract. However, successful awardees would not be eligible to receive a cost type or flexibly priced task order until a preaward survey of the offerors accounting system design complies in all material respects with the criteria contained in the SF1408. The Government will initiate requests for accounting system reviews for any successful offeror that does not currently have an approved system after awards have been made from this solicitation. Documentation will be provided to the successful awardees that will need to be completed and returned to the Government before the audit request can be initiated. Financial capability reviews are now being conducted by DCMA instead of DCAA. Documentation for this review will need to be provided to DCMA upon request. This will be required after award has been made so no submission is required with the current proposal.

**5.3** Standard Form 33 with blocks 12 through 18 completed. **DO NOT CHANGE THE SF33 IN ANY WAY EXCEPT TO ADD THE OFFERORS INFORMATION THAT IS REQUIRED IN BLOCKS 12 THROUGH 18.** The offeror is to submit one copy of the entire solicitation. **(DO NOT INCLUDE THIS IN THE COPY OF THE TECHNICAL PROPOSAL).** Attention is directed to the following sections, which contain fill-ins (an electronic version of the fill-ins is available at <http://www.seaport.navy.mil> or <https://auction.seaport.navy.mil/Bid/Login.aspx>):

**5.4.1 Presence**

To demonstrate Presence in the Zone(s) that the Offeror is proposing, the Zone Presence Form at Attachment J.1 to this solicitation **MUST** be included in the Technical Proposal.

**NOTE:** A separate Zone Presence Form must be submitted for each Zone being proposed.

**RULES FOR ESTABLISHING ZONE PRESENCE:**

There are seven Zones – Zone 1 Northeast; Zone 2 National Capital; Zone 3 Mid Atlantic; Zone 4 Gulf Coast; Zone 5 Midwest; Zone 6 Southwest; and Zone 7 Pacific Northwest. To establish presence the Offeror must demonstrate that:

The Department of Defense (DOD) has authorized use of PPIRS-SR for use by DOD activities during the acquisition of supplies and services. For purposes of this solicitation, contractor past performance will be based on data from PPIRS-SR. The offeror’s quality and delivery classifications from PPIRS-SR will be used in conjunction with the offeror’s references, the criteria in FAR 13.106-2 or 15.305(a)(2), as applicable, and other provisions of this solicitation.

(c) Quality: PPIRS-SR collects quantifiable quality data from existing systems and uses that data to classify supplier performance by Federal Supply code or federal Services Code (FSA group). Based on comparisons among suppliers in a specific FSC group, PPIRS-SR sorts suppliers into color ratings representing the supplier’s overall quality performance based on the following indices:

<u>Color</u>	<u>Position</u>
Dark Blue	Top 5% of suppliers in FSC group
Purple	Next 10% of suppliers in FSC group
Green	Next 70% of suppliers in FSC group
Yellow	Next 10% of suppliers in FSC group
Red	Bottom 5% of suppliers in FSC group

(Note: if all supplier ratings for a specific FSC group are equal, all suppliers with that group will be classified green. Suppliers with no history in PPIRS-SR will be displayed without a rating and, for evaluation, receive a neutral rating.)

---------------------------	--	------------------------------

**NAME OF OFFEROR OR CONTRACTOR**

---

(d) Delivery: supplier deliver past performance is classified in PPIRS-SR by the suppliers percentage of on-time deliveries. On-time deliveries are calculated using the number of line items delivered and a weighting factor reflecting the length of time a delivery was overdue.

(e) PPIRS-SR classifications are determined monthly for each supplier and can be reviewed at <http://www.ppirs.gov/>.

**(End of Provision)**

**Factor 3: Cost/Price.** The Offerors proposed saving percentages (savings for repetitive work) from Section H of the solicitation and additional cost savings initiatives; the cap on fees, pass through, and escalation will be evaluated for reasonable price savings over the life of the contract. The offerors ceiling unit price for CLIN 7000 and Compensation Plan will be evaluated.

**3.2 EVALUATION PROCESS**

(a) The Government will evaluate the offeror’s Technical and Cost/Price proposals using four adjective rating definitions (Outstanding, Good, Satisfactory, and Unsatisfactory).

(b) The Government will assign a rating (as defined below), based on the offeror’s ability to support the Government’s requirements.

(c) The Government will first determine if the offeror meets the criteria for presence (as defined in Section L) in each Zone proposed. The Government will then assign a rating to Management Approach and Subcontracting and Past Performance. Any proposal rated as Unsatisfactory in Management Approach and Subcontracting or Past Performance will be excluded from the competition. Those proposals rated as Satisfactory or better in Management Approach and Subcontracting and Past Performance will then be rated as to Technical Depth and Breadth in each Zone the offeror proposed on by comparing the overall merits of the proposal against the requirements in the SOW. Any proposal rated as Unsatisfactory in Technical Depth and Breadth or that does not meet the criteria for presence will not be considered for award in that Zone. Any proposal evaluated as Unsatisfactory in the Cost/Price factor will not be considered for award.
